Risk	Existing Controls	Likelihood 1 - 5	Severity 1 – 5	Risk Score L x S	Further Action to Take
Over Enthusiastic Participants	If the game is booked without an operator, ES Promotions advises that the client provide their own responsible adult to supervise the race. Children should not be left to use this equipment unsupervised.	2	1	2	Please enforce this rule with your own supervisor if an ES Promotions operator isn't attending the event.
Unruly Behaviour	The operator's decision is final, refusal to abide by the operators guidance will result in play refusal & in extreme circumstances closure of the unit.	1	2	2	Please enforce this rule with your own supervisor if an ES Promotions operator isn't attending the event.
Slipping/ falling over pegs	The pegs / markers will be set up in an area separate for the croquet, spectators should not be allowed on the playing area.	2	1	2	If there is a very large number of guests, it may be beneficial to stake and bunt off the playing area
Injury from hit balls	Players are told to only hit gently as it is a game of precision not strength. Players should hit the balls one at a time and in turn	1	2	2	Please enforce this rule with your own supervisor if an ES Promotions operator isn't attending the event.

L=Likelihood S=Severity L X S = Risk Score with 1 = Lowest Risk and 25 = Highest

Risk and likelihood are worked out using numbers 1-5. These are then multiplied to give the risk score. We recommend that clients undertake their own risk assessment to suit individual needs.

We strive to have no risk score over 10 and anything over 20 would result in ES Promotions not running the kit.
