

ES PROMOTIONS RISK ASSESSMENT

Risk Assessment of: **Connect 4**

Risk	Existing Controls	Likelihood 1 - 5	Severity 1 - 5	Risk Score L x S	Further Action to Take
Over Enthusiastic Participants	If the game is booked without an operator, ES Promotions advises that the client provide their own responsible adult to supervise the game. Children should not be left to use this equipment unsupervised.	2	1	2	With prior notice of large numbers attending the event additional trained operators can be supplied at an extra fee.
Unruly Behaviour	The operator's decision is final, refusal to abide by the operators guidance will result in play refusal & in extreme circumstances closure of the unit.	1	2	2	Please enforce this rule with your own supervisor if an ES Promotions operator is not attending the event.
Slipping/ falling on rings	After a game has finished the guides are separated and the pieces drop to be re-stacked on holders.	2	1	2	Rings should be placed on holders immediately after the guides have dropped them.
Injury from frame falling or being pushed over	We ask you to ensure no one pushes or pulls on the frame. In extreme weather the frame may need to be brought inside.	1	1	1	Please enforce this rule with your own supervisor if an ES Promotions operator is not attending the event.

L=Likelihood S=Severity L X S = Risk Score with 1 = Lowest Risk and 25 = Highest

Risk and likelihood are worked out using numbers 1-5. These are then multiplied to give the risk score. We recommend that clients undertake their own risk assessment to suit individual needs.

We strive to have no risk score over 10 and anything over 20 would result in ES Promotions not running the kit.
