

ES PROMOTIONS RISK ASSESSMENT

Risk Assessment of: **Giant Ker Plunk**

Risk	Existing Controls	Likelihood 1 - 5	Severity 1 – 5	Risk Score L x S	Further Action to Take
Over Enthusiastic Participants	Responsible person supervising at all times	2	1	2	With prior notice of large numbers attending the event additional trained operators can be supplied at an extra fee.
Unruly Behaviour	The operator’s decision is final, refusal to abide by the operators guidance will result in ride refusal& in extreme circumstances closure of the unit.	1	2	2	Please nominate a responsible adult to supervise the game if booked without an ES Promotions operator.
Falling over unit	The game must be set up in a flat safe area away from large numbers of guests.	2	1	2	If the event is extremely busy it may be required to bunt off a suitable area.
Injury from falling stray balls	Players told to stand back quickly after each turn.	1	1	1	None
Injury from falling while holding pegs.	Players must place the pegs on the floor once pulled out of the unit. This is to avoid either falling over whilst holding them or poking other players with them	1	2	2	None

L=Likelihood S=Severity L X S = Risk Score with 1 = Lowest Risk and 25 = Highest

Risk and likelihood are worked out using numbers 1-5. These are then multiplied to give the risk score. We recommend that clients undertake their own risk assessment to suit individual needs.

We strive to have no risk score over 10 and anything over 20 would result in ES Promotions not running the kit.
