

## ES PROMOTIONS RISK ASSESSMENT

Risk Assessment of: **Twister / Get Knotted**

Risk	Existing Controls	Likelihood 1 - 5	Severity 1 – 5	Risk Score L x S	Further Action to Take
Over Enthusiastic Participants	If the game is booked without an operator, ES Promotions advises that the client provide their own responsible adult to supervise the game. Children should not be left to use this equipment unsupervised.	2	1	2	With prior notice of large numbers attending the event additional trained operators can be supplied at an extra fee.
Unruly Behaviour	The operator’s decision is final, refusal to abide by the operators guidance will result in ride refusal & in extreme circumstances closure of the unit.	1	2	2	Please enforce this rule with your own supervisor if an ES Promotions operator isn’t attending the event.
Slipping/ falling on mats	If a mat gets wet we recommend play is suspended until it is dried.	2	1	2	Please enforce this rule with your own supervisor if an ES Promotions operator isn’t attending the event.
Injury from falling	The aim of this game is to be the last player not fallen over- making falling almost inevitable. To reduce the risk of injury, game should be played on a flat soft surface preferably grass or carpet and have a maximum of 6 players per game.	3	1	3	Due to the nature of this game, falling may sometimes be unavoidable, we ask that only fit players take part, e.g. no person with heart, neck or back conditions or pregnant women.
Injury from over straining	Players to only stretch to their own comfort. If players are struggling they should concede and will halt play.	2	2	4	Please enforce this rule with your own supervisor if an ES Promotions operator isn’t attending the event.
Adverse weather conditions	If weather causes dangerous conditions e.g. strong wind or rain, the game should be stopped or moved indoors.	2	1	2	Please make sure there is an alternative indoor option if you do not wish for the game to be cancelled in bad weather.
Danger of unnecessary Injury	Ensure that no one uses the equipment who suffers from neck or back problems, heart complaints, is feeling unwell, suffering effects of alcohol of drugs or pregnant.	1	5	5	Players with the listed conditions who still wish to play <u>do so at their own risk</u> . However the operator has the right to refuse service to anyone they deem as a safety threat.

L=Likelihood S=Severity L X S = Risk Score with 1 = Lowest Risk and 25 = Highest

Risk and likelihood are worked out using numbers 1-5. These are then multiplied to give the risk score. We recommend that clients undertake their own risk assessment to suit individual needs.

We strive to have no risk score over 10 and anything over 20 would result in ES Promotions not running the kit.
